

Ambulance Application

Vehicles shown have been altered or upfitted with equipment supplied by independent suppliers. See the Owner Manual for information on alterations and warranties.

When lives are on the line, a robust equipment combination is key. GM provides YF2 Ambulance Packages for three separate vehicle lines: Silverado/Sierra 3500HD Chassis Cab, Express/Savana 3500 Cargo Van or Cutaway and Kodiak/TopKick C4500.

Express/Savana Ambulance Package starts it off with dual 145 amp alternators. Silverado/Sierra Ambulance Package includes dual 105-amp alternators. Kodiak/TopKick C4500 has a standard 150-amp alternator, requires dual 150-amp alternators with the Ambulance Package.

Contents of the Ambulance Package varies with the model.

See Powertrain Combinations chart for applicable diesel engines, transmissions and 2WD/4WD capability.
